CB SOIL PK

0 – 15 - 15
Liquid
For Soil

DESCRIPTION

CB SOIL PK is an improved phosphorus and potassium source of nutrients designed to supply nutrients efficiently to vegetable crops, field crops, row crops, deciduous fruit and nut trees, grapes and citrus as a direct soil injection. **CB SOIL PK** is specially formulated to stay readily available for maximum phosphorus and potassium uptake.

COMPATIBILITY

CB SOIL PK is compatible with most fertilizers, fungicides, and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **CB SOIL PK** with other materials before proceeding with high volume mixing.

APPLICATION

RATE: Apply 5 to 20 gallons per acre of **CB SOIL PK** just ahead of plant needs. Rates should be determined by soil analysis.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pet! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

GUARANTEED ANALYSIS

Available Phosphorus Acid (P_2O_5).....15.0%
Soluble Potash (K_2O).....15.0%

PRIMARY PLANT FOOD SOURCES:
White Phosphoric Acid and Potassium Hydroxide

NON PLANT FOOD INGREDIENTS:
Plant Extracts
